Banner Medical Warsaw Update

Facility Update:

Banner Medical's Greenfield facility in Warsaw, IN is taking shape. Since commencing construction in August, 2015, the 43,000 square foot facility is now fully enclosed and under roof. All public utilities and services are in place. Key milestones such as paving, flooring, framing, electrical, and plumbing have been reached. Banner Warsaw is expected to be completed and operational in the second quarter of 2016. The following provides images of the facility in progress.

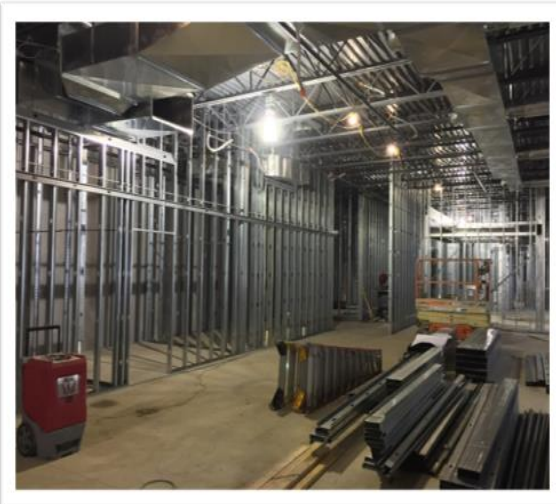

Exterior: Parking and Main Entrance

Production Area: Metal Processing

Front Entrance: Main Lobby

Office Cell Area: Looking Into Front Entrance

Capabilities Update:

Banner Medical will be offering the following services upon completion of the facility to customers serving the orthopedic device industry:

- Medical Grade Material Stocking
- Centerless Grinding
- Non-destructive testing
- Cut-to-Length
- XRF Material Identification
- Line Marking
- Value-Added Services Tailored to Customer Requirements
- Near-Net Shape Parts

All capabilities and processes will be fully compliant to ISO13485 certification in place at our facilities in Carol Stream, IL and Charlotte, NC.

Please feel free to contact us regarding any questions you may have.
